

Newburgh Housing Authority

The Newburgh Housing Authority (NHA) is soliciting proposals from qualified and reputable information technology (IT) service providers to deliver comprehensive technical support, systems maintenance, data management, and strategic technology guidance. The selected vendor will ensure that NHA's technology environment remains secure, dependable, and aligned with federal requirements, including those of the U.S. Department of Housing and Urban Development (HUD).

NHA is a public housing agency serving the City of Newburgh, New York. The Authority relies on a combination of on-premises and cloud-based systems to support administrative operations, resident services, fiscal management, and regulatory reporting. NHA seeks an IT partner capable of providing ongoing support, proactive maintenance, and strategic planning to enhance operational efficiency and data security.

Copies of the request for proposals can be obtained by contacting the authority at awade@newburghhousingauthority.org or telephone at 845 561-2066.
